IMPACT REPORT

The Club Experience

Boys & Girls Clubs fill the gap between school and home. We provide welcoming, positive environments in which kids and teens have fun, participate in life-changing programs, and build supportive relationships with peers and caring adults.

“Triple Play incorporates healthy living and active learning within the club”

TRIPLE PLAY

Mind, Body and Soul

“Arizona After 3:00 is the first of several statewide initiatives we will step up and lead to improve the lives of Arizona’s youth. With the involvement of vocal champions like Attorney General Brnovich, we’ll expedite the implementation of proven prevention curricula and see the positive impact for a long time.”

-Andy Reese, Boys & Girls Clubs of Arizona Alliance President

In 2015, Boys & Girls Clubs of Arizona proudly launched a statewide partnership with Arizona Attorney General Mark Brnovich to address adolescent obesity and diabetes prevention. The two-year project, Arizona After 3:00, funds Triple Play health, nutrition and fitness programs in 15 communities. In the first six months of the project, Clubs served 5,500 children and teens and provided 400,000 snacks and meals.
